

Quartz's Best Companies for Remote Workers

REGISTRATION DEADLINE: March 16, 2022

What is the Quartz's Best Companies for Remote Workers program?

This is a research-driven project from Best Companies Group and Quartz that examines your company's practices, programs and benefits and surveys your employees for their perspective. Companies that meet certain hurdles are considered great employers for remote workers.

What is Best Companies Group (BCG)?

BCG has specialized in identifying and recognizing great employers to work for for 17 years. We are an independent research firm that ranks companies based on our established research methodology. Our surveys provide actionable, hard-to-obtain data that companies use to improve employee recruitment and retention.

Why Participate?

By participating, you can learn how to maximize employee engagement and determine whether you among the best employers working remotely! It can also result in significant organizational benefits such as:

- **Heightened Company Pride:** If your company appears on the list, it could improve employee morale and retention.
- **Public Relations and Marketing Advantage:** Organizations can use the distinction to enhance recruiting efforts, increase the value of general marketing and improve reputations.
- **The BCG Insights Report Package:** BCG shares its comprehensive assessment of your firm's performance in an efficient, results-oriented reporting platform. We identify the strengths and weaknesses of your workplace, according to what employees have to say. The report package, available for purchase, is used to identify opportunities to improve engagement.

Who is Eligible?

- Publicly or privately held businesses; For-profit and non-profit businesses
- Have a minimum of 25 remote* full-time employees
- Businesses that have been in business a minimum of 1 year

*A "remote worker" is defined, for the purpose of this program, as someone who performs their job in a location that is neither affiliated with nor fully furnished by their employer, for at least 75% of the time.

Assessment Description

The process includes two surveys to gather detailed data about each participating company. BCG conducts the surveys, analyzes the data and determines the winners and rankings.

Part I – Employer Questionnaire (EQ): The employer (main company contact) will complete this survey online, detailing company policies, practices, benefits and demographics.

Part II – Employee Engagement & Satisfaction Survey (EESS): The employee survey is an in-depth set of 77 statements that employees will be asked to respond to on a 1-5 Likert scale of "Strongly Disagree" to "Strongly Agree." This section of the survey will also include 2 open-ended questions, and 7 demographic questions. All employees must have access to email and internet technology.

Announcing & Recognizing the Winners!

The contact at each company is notified in June of their status prior to the release of the final, numerical winner rankings. Non-winning organizations are not publicly revealed.
