Please upload the communications that you have sent - or plan to send - to employees about the employee survey process. Be sure to review the "Communicating to Employees" and "Response Rate" sections of your Program Instructions Packet for further details about this request. We have also provided a sample communication template in the packet.

Please contact the designated Program Business Partner if you have any questions, need the Program Instructions Packet resent or have any trouble uploading your document or file.

View the rules below for communicating to employees. Failure to follow these rules or failure to submit your employee communications could result in list disqualification.

- You cannot require employees to complete the survey, or ask if they have taken it.
- You cannot offer any incentives related to the survey, such as food, company pens, raffles, etc.
- Do not ask employees to submit positive responses or suggest to them how they should answer.
- Do not make placing on the "Best" list the focus of your communications to employees.
- Do not use the current year's program logo in your communications.

- "Our ranking depends on the answers you provide, and we want our company to make the list."
- "If you feel you cannot provide positive feedback, we ask that you refrain from taking the survey."
